SUMMARY

Computer Engineer graduated from Universitat Pompeu Fabra Barcelona (2026), specialised in Computer Vision and Machine Learning. Built an end-to-end CV pipeline for tactical analysis of amateur football as my thesis (8.9/10), applying YOLO, OpenCV, homography and LLM-generated reports to a real match. 4 years of real-time technical work in live sports broadcasting. Looking for a junior role in Computer Vision, ML or Applied AI — Barcelona or remote, available from September 2026.

WORK EXPERIENCE

- IT Support Engineering Intern**

Sep 2025 - Feb 2026

 - Managing identities and devices in Microsoft Entra ID, handling incident resolution (GLPI). Improved operational efficiency through PowerShell automation for workstation and printer setup.
- Sports Broadcaster & Graphics Operator - Fitel Televisión**

Mar 2021 - Feb 2024

 - Live football commentary, real-time graphics implementation (OBS, Uno Overlays), and video editing with Adobe Premiere Pro.
- Summer Camp Youth Leader (Monitor de Lleure)**

Summers 2023 – Present

 - Applied teamwork and improvisation in a dynamic, high-energy environment

PROJECTS

- Tactical Analysis Pipeline — VEO Camera (Thesis)**

Python · YOLO · OpenCV · scikit-learn · Streamlit · Homography · LLM · github.com/xavialgarraa/analisi_veocam

 - End-to-end CV system converting raw VEO footage into tactical data for amateur football. Includes GLSL shader reverse-engineering, unsupervised team classification and LLM report generation.
- Personal Portfolio Website**

HTML, CSS, Tailwind, React

 - Designed and built a responsive personal portfolio with dark mode and smooth animations.
- Karaoke Software (Real Client)**

React · Node.js · WebSockets · JavaScript · DigitalOcean

Custom karaoke system for a local bar. Real-time queue management and mobile control.

EDUCATION

- Bachelor's Degree in Computer Engineering**

Sep 2022 - Jun 2026

Pompeu Fabra University

 - GPA: 7.4/10 | Thesis grade: 8.9/10
- Science & Technology Baccalaureate**

Sep 2020 - Jun 2022

IES Coll i Rodés

 - Grade: 10.734/14

ADDITIONAL INFORMATION

- Programming:** Python (advanced), C, C++, Java, Basic (HTML, CSS, JavaScript, React)
- ML & CV:** YOLO, OpenCV, scikit-learn, PyTorch (basic), Streamlit
- Tools & Technologies:** Git, GitHub, Visual Studio Code, OBS Studio, Figma, Adobe Premiere
- Operating Systems:** Windows, basic Linux
- Languages:** Spanish (Native), Catalan (Native), English (Intermediate)
- Certifications:** Youth Activity Leader (Monitor de Lleure) – Galligants School, March 2021.
